

## LARGE SEA GLASS BLUE MURANO WALL SCONCES , PAIR

Pair of Murano glass wall sconces with three half shell pieces and a unique sea glass blue frosted "Scavo" color. The applique is made up of a brass structure to which three very long Murano scavo glass half-shells have been attached; the design of the leaves is narrow and elongated and they are positioned so that the concave part remains visible. Brass screws affix them to the metal structure, two per half shell. Internally, as you can see from the photo, there are two light bulbs, one facing upwards and one facing downwards. Very bright because the glass is very transparent.
