

DAMIEN HIRST SKULL SPIN PAINTING (CREATED AT DAMIEN HIRST SPIN WORKSHOP), 2009

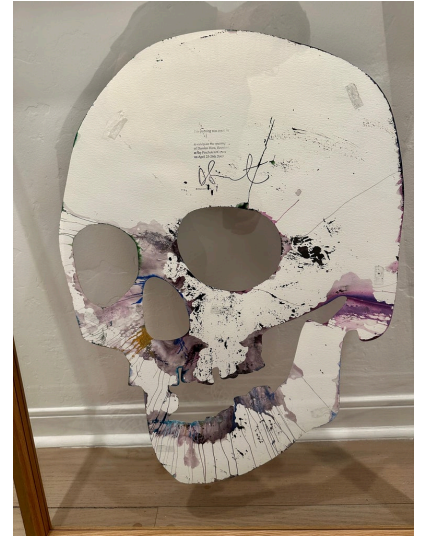

A fantastic Damien Hirst Spin painting with explosions of vivid color amidst the timeless, mysterious form of a standout Hirst skull, encased in double paned museum quality glass and natural oak frame. This Damien Hirst Spin painting originates from Hirst's 'Spin Workshop' - a public event hosted by the artist to celebrate the opening of his heralded 2009 exhibition: 'Requiem' at the PinchukArtCentre, Ukraine.

Spin art is a technique in which the paint is first applied and then the canvas is quickly rotated. Depending on the duration and speed of rotation, the color distribution and a random result is achieved.
